SPORTS INTEGRATION

Divide the class into 7 groups. Give them different
names viz, The Avengers, Hustlers, Iconic, the
kings, Ninja Bros, Big Shots, and The Squad or
similar names preferred by the children. Conduct
a running race where all the students are involved
and record the time taken by them. Find the
average speed of each team by adding the time
taken by all the members of the team and dividing
by the total number of students. Make a bar graph
taking the average speed of each team on y-axis
and the names of the teams on X-axis.
